New SHIP Data System

Overview

- Orientation
- Process & Timeline
- Future steps
- Where to learn more
- Questions

Why a new data system now?

- Results of the SHIP evaluation
- Contract Timing
- Hosting

Goals for the new data system

- Improved access to data

- Modernized forms to bring in line with SHIP's current program requirements

- More flexibility to make changes to the system when needed

Building the new data system

‣ Awarded contract with Booz Allen Hamilton in September 2016 for development, implementation, and operation of the new system.

‣ Began getting feedback from SHIPs and other stakeholders immediately.

‣ Will continue to conduct regular meetings with workgroup members throughout until full implementation.

Workgroup Members

- CT: Akia Dieuseul
- DC: Chris DeYoung
- FL: Anne Chansler
- ID: Shannon Hohl
- LA: Vicki DuFrene
- MI: Pat McKinnon
- NC: Van Braxton
- OK: Ray Walker
- TN: Shannon Jones
- UT: Darren Hotton

- WA: Todd Dixon
- WI: Phoebe Hefko
- NCOA
- SHIP TA Center

Building the new data system

Planning & Design
- September 2016-April 2017
- Review of Current System
- Participant Interviews
- Final product: Pilot System Requirements Document

Development, Testing & Evaluation
- April-December 2017
- Creating of system forms, organizational hierarchy and permissions.
- Final product: Pilot SHIP Data System

Implementation
- Spring 2018-Fall 2018
- Implement Production System
- Final product: Fully Operational SHIP data system and Transfer of NPR data

Implementing the new data system

- April-August 2018
- Phased rollout
  1. Workgroup members
  2. Regional
- Everyone active in system and trained before OEP 2018
- Transfer of NPR client contact and PAM data
- NPR will be turned off in December 2018
- More to come at next year's conference…
